## What is this product?

### Type

The Sub-fund is part of INCOMETRIC FUND, organized under the laws of the Grand Duchy of Luxembourg as a mutual investment fund. This Fund is authorised and supervised in Luxembourg by the CSSF. The Depository is Quintet Private Bank (Europe) S.A.

### Term

The investment horizon is medium term and should be at least 3 years.

### Objectives

The Sub-Fund's investment objective is to provide investors with long-term growth of capital. The Sub-Fund combines a global, value-based selection approach with a multi-asset allocation strategy, unrelated to benchmark constraints.

### Intended retail investor

Available to all investors and denominated in Euro. The Sub-Fund is designed for investors seeking a balanced portfolio consisting primarily of stocks, bonds and deposits with no further need to invest in several funds. It targets medium to long term investors and has no time commitment. Minimum Initial Investment: EUR 20,000.

## What are the risks and what could I get in return?

### Risk Indicator:

← Lower risk Higher risk →

The risk indicator assumes you keep the product for 3 years.

The summary risk indicator is a guide to the level of risk of this product compared to other products. It shows how likely it is that the product will lose money because of movements in the markets or because the fund is not able to pay you.

We have classified this product as 3 out of 7, which is a medium-low risk class.

This rates the potential losses from future performance at a medium-low level, and poor market conditions are unlikely to impact our capacity to pay you.

Other risks: Credit risk, Liquidity risk, Counterparty risk, Operational risk, Derivatives risk, Currency risk, Event Risk.

This product does not include any protection from future market performance so you could lose some or all of your investment.

The figures shown include all the costs of the product itself, but may not include all the costs that you pay to your advisor or distributor. The figures do not take into account your personal tax situation, which may also affect how much you get back.

What you will get from this product depends on future market performance. Market developments in the future are uncertain and cannot be accurately predicted.

The unfavourable, moderate, and favourable scenarios shown are illustrations using the worst, average, and best performance over the last 10 years. Markets could develop very differently in the future.

The stress scenario shows what you might get back in extreme market circumstances.

Unfavourable scenario: This type of scenario occurred for an investment between 13/03/2019 and 18/03/2020 (If you exit after 1 year), 15/03/2017 and 18/03/2020 (If you exit after 3 years).

Moderate scenario: This type of scenario occurred for an investment between 12/09/2014 and 14/09/2015 (If you exit after 1 year), 11/07/2018 and 12/07/2021 (If you exit after 3 years).

Favourable scenario: This type of scenario occurred for an investment between 18/03/2020 and 24/03/2021 (If you exit after 1 year), 18/03/2020 and 21/03/2023 (If you exit after 3 years).

## What happens if Adepa Asset Management S.A. is unable to pay out?

The investments of the fund are held separately from the assets of Adepa Asset Management S.A. as fund management company and from the corresponding custodian bank. Thus, you will not lose your investment in the event of a possible insolvency of Adepa Asset Management S.A.

## What are the costs?

The person advising on or selling you this product may charge you other costs. If so, this person will provide you with information about these costs and how they affect your investment.

### Costs over Time

The tables show the amounts that are taken from your investment to cover different types of costs. These amounts depend on how much you invest, how long you hold the product and how well the product does. The amounts shown here are illustrations based on an example investment amount and different possible investment periods.

We have assumed:

- In the first year you would get back the amount that you invested (0 % annual return). For the other holding periods we have assumed the product performs as shown in the moderate scenario.
- Investment: 10,000 EUR

Costs over Time	If you exit after 1 year	If you exit after 3 years
Total costs	533.09 EUR	1,293.74 EUR
Annual cost impact (*)	5.33%	3.97%

(\*) This illustrates how costs reduce your return each year over the holding period. For example it shows that if you exit at the recommended holding period your average return per year is projected to be 6.15 % before costs and 2.17 % after costs.

## Composition of Costs

The table below shows the impact if you exit after 1 year.

One-off costs upon entry or exit		
Entry costs	2,00% of the amount you pay in when entering this investment. This is the maximum amount you could pay and it could be less.	200.00 EUR
Exit costs	We do not charge an exit fee for this product, but the person selling you the product may do so.	0.00 EUR
Ongoing costs (taken each year)		
Management fees and other administrative or operating costs	1,44% of the value of your investment per year.	143.72 EUR
Transaction costs	0,51% of the value of your investment per year. This is an estimate of the costs incurred when we buy and sell the underlying investments for the product. The actual amount will vary depending on how much we buy and sell.	51.24 EUR
Incidental costs taken under specific conditions		
Performance fees	The performance fee will be paid if the net asset value per unit as at the end of the performance period exceeds the "High Watermark" and the "Hurdle Rate (Main refinancing operations rate (MRO) of the European Central Bank plus 0.50% per performance period). Performance fee is 15%. The actual amount will vary depending on how well your investment performs. The aggregated cost estimation above includes the average over the last 5 years.	134.80 EUR

## How long should I hold it and can I take money out early?

### Recommended holding period: 3 years

This fund has no minimum holding period, but has been created for medium term investment. You should therefore be prepared to remain invested with your investment for at least 3 years. However, you can return your investment on any bank business day in Luxembourg.
